

The World's First High Yield **1.7 lb.**

Closed-Cell SmartSPF[®] Insulation

Of course it's from the
US's favorite foam supplier:

PROSEAL[™]

Closed-Cell Polyurethane

HIGH PERFORMANCE RESIDENTIAL SPRAY FOAM INSULATION

706-557-1400 | www.profoam.com

Profoam's new high yield 1.7 is the World's First 1.7 lb. Residential SmartSPF® Insulation that provides:

+ High R-value

+ Exceptional yield compared to traditional 2.0

+ Great dimensional stability

+ Flawless spraying performance

+ Great opportunity for increased profits

+ Low (GWP) Global Warming Potential

Contractors testing new 1.7 say it's the "easiest spraying," and "highest yield" closed-cell foam they've ever used.

Plus, it provides the same blended qualities of our ProSEAL™ family of residential foams:

- Air barrier
- Water-resistant barrier
- Vapor retarder
- Drainage plain
- Helps improve interior comfort
